## First Reinforced Then Securely Riveted Then Sweated with Solder

That's the process we adopt in making our eavestrough. We use eight or ten foot lengths of galvanized iron trough, and if ever there be the possibility of a leak, it only can be found in a long length. Reinforced, rivetted and soldered as it is, insures the purchaser a permanent job—the best job that can be made.

Do you know that half the eavestrough—yes, most of it—can be pulled apart without any effort? Why not have the best?—the price is no higher, and you know that what you are paying for is worth the price. Let us demonstrate the difference.

## Western General Electric Co., Ltd. MOTOR SERVICE.

The time is now come when this Company is prepared to furnish power for all purposes, great and small, by means of Electric Motors. These Motors are so low in cost; occupy so little space; are so easily controlled, and are so exceedingly economical in operation that they will be practically universal as soon as people understand the matter. There is scarcely a home, or a place of business, in which electric power cannot be used to lighten and cheapen labor. Inquiries solicited.

## DR. LEO. GAETZ DEAD.

### Red Deer's Pioneer Passes to His Long Rest.

Flags were flying at half mast in the town of Red Deer, and a general feeling of depression prevailed in the town on Sunday evening when it was learned that Rev. Dr. Gaetz had passed quietly away at 4 o'clock. Since the death of Mrs. Gaetz, the 20th of December last, the Doctor has never been the same. Naturally possessing a strong mind and rugged constitution he fought against his troubles, but life had lost its attractions for him and a few months ago it was evident that the only hope of leaving his life would be to take a complete change as he was threatened with diabetes and with the end in view he had been making preparations to reside for a time in British Columbia and the several members of the family intended going with him. But this was not to be. Complications in the spring of 1885 while the doctor was in the West, he was in a very dangerous condition by the doctors, but he rallied the early part of last week sufficient to enable him to come down town, but he again took to his bed and by the end of the week it was seen to be only a matter of hours, and he passed away peacefully, surrounded by practically the entire family, as above stated.

Dr. Gaetz was born 66 years ago last Thursday in Nova Scotia and his first appointment in a Methodist church was at Musquodoboit in that province, then he went to Hamilton and from there to Brandon, N. B. then back to Yarmouth, N. S. From Yarmouth he moved to Montreal, where he took charge of the great St. James' Methodist church. Next he moved to Hamilton and from there to London. At the latter again giving out he returned to place the doctors told him if he wished to live he must go west. He came west to the end of the days.

Dr. Gaetz was born 66 years ago last Thursday in Nova Scotia and his first appointment in a Methodist church was at Musquodoboit in that province, then he went to Hamilton and from there to Brandon, N. B. then back to Yarmouth, N. S. From Yarmouth he moved to Montreal, where he took charge of the great St. James' Methodist church. Next he moved to Hamilton and from there to London. At the latter again giving out he returned to place the doctors told him if he wished to live he must go west. He came west to the end of the days.

Always a staunch conservative, he was high in the councils of the party in the west and contested this constituency against the present member J. T. Moore, but was defeated by a few votes. He also stood as a candidate some years ago for the old North-West assembly in a three-cornered fight, J. A. Simpson, of Innisfail, and F. E. Wilkins, of Red Deer, being the other candidates. Mr. Simpson winning by some ten votes, the constituency at that time reaching from Olds to Wetaskiwin. One of the most important of his life's efforts stands as a monument to his memory in Red Deer, the Memorial Hospital. Since the hospital was first mentioned he has been one of its most staunch supporters and at his death was president of the board of directors, and was

untiring in his efforts to have a first class institution here and lived to see his wishes gratified in this respect, as the hospital is now in every way up to date and filled with every appliance necessary for the comfort of the patients who enter its doors. Ever optimistic as to the future of Alberta, he was laughed at for his statements six years ago that we would soon be a great country with live, throbbing centres of commerce, and railways crossing the country in every direction. Yet he lived to see his statements verified in every particular. And now he sleeps the last sleep. Calmly, peacefully, in the sure and certain hope of a reward for labor well done.

Ye Britons that mourn him,  
Go weep where they've born him,  
Respond to his last battle cry,  
As it comes in death's rattle,  
As clear as in battle,  
"Come, see how a Christian can die."

Six boys and five girls, all residing in Alberta, are left to mourn for the departed, namely: R. L., of Smith & Gaetz; Mayor H. H., C. W., Mrs. G. W. Smith; James F., Fred W., Mrs. Hugh Clark, Mrs. R. B. Woodsworth; Mrs. W. J. Stephenson, Mrs. Harry Wallace; and L. M., of Wallace & Gaetz.

The funeral took place on Tuesday afternoon to the Methodist church and from thence to the Red Deer cemetery. The six sons acting as pall bearers. The church was crowded to overflowing with a sympathetic concourse of people. Old friends from far and near came to pay their last sad respects to their departed friend. A most impressive discourse was preached by the Rev. A. C. Farrell and Rev. Mr. Riddell, of Alberta college, Edmonton, spoke briefly of the departed. Rev. Mr. Buchanan assisted in the service, and Rev. Mr. Fortune pronounced the benediction. Hon. W. H. Cushing was noticed in the congregation. The floral wreaths and designs were magnificent, the whole of Alberta being ransacked to secure flowers. Edmonton and Calgary stocks were called on and everything in the flower line in town was used up. The display was something wonderful. A beautiful large wreath from the family with the word "father" on it was noticed. A wreath from the district conservative association and another from the local association were also noticed. There were also wreaths from the Ladies' Aid, The Red Deer Memorial Hospital Board, Mr. and Mrs. E. A. Molson, Smith & Gaetz, employees, Mr. and Mrs. Norquay, for Mrs. Gaetz, Mr. and Mrs. Governor, Mr. and Mrs. J. T. Moore, Mr. and Mrs. Cassels, Mr. and Mrs. Carscallen, H. B. and T. M. Harrington, Mr. and Mrs. W. A. Moore, J. R. Harold L. and Thos. A. Gaetz, nephews, while some of the cards were lost in handling, while others did not send in names.

GREAT BARGAINS

#### THE PRICE OF PORK.

All the butchers in town are paying seven cents for pork and they are willing at that price to contract ahead for the next four or five months.

P. Burns & Co. write that people are bringing in old sows and stags which at the high prices are too high to cut up into long clear and cannot be used in our market. Therefore a reduction must be made on this class of pork as follows: Stags, 21-2c. per pound; sows over 300 lbs. and up to 400 lbs. 1c. per pound; sows over 400 pounds 11-2c. per lb.

#### About The Bears.

(Sanborn's Provision)

Last week we reported that three bears had been shot west of the Little Red Deer river, and a few days ago we were able to get all the particulars. It appears that these bears which consisted of the mother, about five years old, and two yearling cubs, had been seen around David Laird's place for some time. They were all quite tame; in fact, one day they stayed in the grain field where Mr. Laird was working for over two hours busying them-

selves by scratching out the newly sown grain, and eating it, just a short distance from where Mr. Laird was working.

During the whole time they were around they did no damage to stock of any kind, but as it was feared they might after a while grow bolder, it was decided to dispose of them. Sanborn Brothers undertook this job, which they did in a very short time, disposing of the whole bunch without any trouble.

The old bear was as fine a specimen of the Cinnamon as has been seen around here for a long time.

#### Lacombe Rancher In Trouble

DISMISSED ONCE BUT THE CROWN THEN TOOK A HAND.

Edmonton, June 5.—Before Inspector Worsley this morning William Douglas, a homesteader near Strome, on the Lacombe branch, was sent up for trial in the Supreme Court on a charge of having appropriated for his own use \$280.

Some six weeks ago Douglas

came and upon his return J. W. Martin who was, he alleged, the owner of the horses, entered a complaint against Douglas, who retained part of the money which he claimed was his own share.

The case was tried before Magistrate Bentley and Daysland, and there dismissed. A second complaint was however laid before the Attorney General's department, with the result that on a second hearing Douglas was committed for trial.

#### BOOST RED DEER.

It is the duty of every citizen to help along the town he resides in.

"How?" asks a citizen. By never losing an opportunity to advance our interest in every legitimate way with the outside world. By pointing out the good features of our town, our many attractions, and naturally beautiful surroundings.

Here's an instance. W. J. Coates, of the Alberta Hotel, had a large photo of the town copied and nicely mounted. He had the words "Red Deer" printed on the top of it and "The Best in the West" underneath, in large gold letters, and sent it to Calgary to be hung up as an advertisement of the town.

Another, when Everett Martin was down east last fall he attended the Dominion Exhibition at Halifax and noticed that Calgary Exhibit had the photo of that city over it. He had a big photo of Red Deer with him and placed it over Red Deer's exhibit, and it was the attractive feature of the exhibit.

Our motto should be "Red Deer, the Best in the West."

It is claimed by some that Pat. Burns and other cattle buyers of Alberta are knocking Red Deer for the active part the town took in the Alberta Stock Growers Association meeting held here last winter. There may be more truth than poetry in this statement. The reason Red Deer is singled out is because the town seemed to take such great interest in the association. We can hardly fancy cattlemen being so childish, yet the fact remains that ranchers have to go north or south to Lacoube or Innisfail to sell.

The Government organs which have been trying to raise a shout about an "all red" fast traffic scheme from Britain to and across Canada, and to Australia have probably not failed to note that Mr. Sifton is reported to have been devoting much attention to the project. But what is the feature of it that so deeply interests Mr. Sifton? Does it bear some resemblance to the North Atlantic Trading Company scheme, of which Mr. Sifton was much enamored?

Calgary commenced taking the census of the city last Thursday. It is expected that the figures will show the population of the southern metropolis to be several thousand more than was credited to it by the enumerator last fall.

The Methodist conference will meet in Red Deer next year. And this apparently without any effort on the part of Red Deer itself.

James J. Patton, the most prominent bull in the Chicago market, has predicted \$1.50 what for the coming season.

#### THE EMMERSON LIBEL CASE.

The taking of evidence in the Emerson-Crook libel case at Fredericton, N. B., has resulted in Mr. Crook's commitment for trial. Mr. Crook, editor of the "Fredericton Gleaner," stated that Mr. Emerson had been ejected from St. Lawrence Hall, Montreal, with two women of questionable character.

According to Mr. Emerson's story, he met at St. Lawrence Hall two Montreal ladies, one of whom was an old friend of his and his family's, spent an hour or two with them, and then re-

tired to his own room, to be awakened later by one of the ladies, who said that she had been insulted by a porter, and insisted on leaving the hotel. Failing to pacify her, he procured a conveyance and took the two ladies to another hotel.

The sensation of the afternoon was the evidence of the night porter at St. Lawrence Hall, who flatly contradicted Mr. Emerson on several points. He swore that the two women went to the Minister's room about midnight and remained there some time making such a noise, laughing and talking, that he ordered them to be quiet or leave the house, whereupon they left.

#### WHAT EMMERSON SWORE

"I went to my bed and to sleep. I do not know how long after I heard a rapping and knocking at my door. I got up and enquired and found that it was these ladies I said, I will let you in shortly. I went to a large bathroom adjoining my room and turned on the light, and dressed myself sufficiently to make myself presentable. Then I opened the door. I think they came in. One of the ladies was very much agitated, and was bound to leave the hotel. She said that some porter had insulted her, and she would not remain in the hotel. I hunted up a porter, who said there was no necessity for the ladies to leave the hotel, and made an apology for the remarks made by the other porter. However the ladies decided to leave and it being midnight or later, I decided to accompany them as a matter of courtesy, and drove to another hotel in the city.

#### WHAT THE PORTER SWORE

I made my first round of the hotel at 12 o'clock. I saw two women go in the direction of Mr. Emerson's room. I did not know who they were. I made my second round at 1.30. I heard loud talking and laughing in Mr. Emerson's room. The laughter was very hilarious and the voices were those of ladies and a gentleman. I tapped at the door but there was no immediate answer. I heard sounds of people moving about. Then a tall lady came to the door, the room was in darkness but there was a light in the rear. I told the lady not to make such a noise, and she closed the door. I reported to the night clerk, and in consequence went back to the room. The same lady opened the door. I told them all they would have to make less noise or get out. When I left I saw one of the ladies following me; the gentleman went away in the other direction.

It would look as though the Gleaner had considerable ground for its statement.

At the trial some startling developments are promised, among them being letters from a girl now dead whose name has been connected with some of the affairs at Ottawa.

#### RESPECT THE OLD FLAG,

Edmonton Journal.

The Socialists in Canada are getting on the wrong side of public opinion. Their organization in Calgary in bringing Emma Goldman, the anarchist, to give a red hot address will not help them in this western country which is nothing if not loyal. The kind of doctrine that permits the Union Jack to be classed as a pirate rag is not the doctrine that will suit Alberta and Emma Goldman might as well not bring it. We have a genuine admiration and respect for the British flag here in the west, and for all that it represents. At the same time we might show our regard for it more enthusiastically by spreading it around a bit more. How many are there in Edmonton for instance?

## Immense Liquor Plant For 'Peg.

Winnipeg, June 4.—Gooderham and Worts of Toronto, the Hiram Walker Company of Walkerville, Joseph Seagram of Waterloo, the Wiser Company of Prescott, Henry Corby of Belleville, and the Hamilton Distilling Company, of Toronto, are completing arrangements to institute a great distillery plant in Winnipeg, which will make Winnipeg the greatest distilling centre of Western Canada, and the western states of the American Union. Thirty-five acres will be required for the enormous plant, one of the largest on the continent, and twenty-five acres additional for cattle sheds, capable of housing from 4000 to 4500 head of cattle for fattening purposes for the British market.

The distillery in Winnipeg is for the purpose almost entirely of meeting the demands of the growing western market, and the product will be high class portable liquor. From 1500 to 2000 men will be employed the year round. Six thousand tons of coal will be used annually and from 500,000 to 600,000 bushels of grain will be required every year.

## Misappropriated School Funds

EX-SECY OF HILLSDALE SCHOOL SENT TO FT. SASKATCHEWAN FOR TWO MONTHS.

Before Inspector Worsley, Edmonton, another hearing took place of the Hillsdale school difficulty in which Martin L. Miller and T. J. White are accused of misappropriating school funds. Miller was sentenced to two months in Fort Saskatchewan barracks and White was sent up to the Supreme Court to stand trial.

From the evidence taken at the trial it appears that White was secretary of the school district and his term expired in January last. Martin L. Miller was elected to succeed him. Miller was taken to jail shortly after for a month on a charge of vagrancy.

John Sanford was then asked to take over the position and shortly after assuming the duties of the office he found that White had received over \$40 of the school monies of the previous year for which he had not accounted.

It was also found that during the short time that Miller had the office, White borrowed \$74.25 of the school funds on a promissory note for two months without the consent of the board.

In addition to the original \$40 referred to, there is another sum of \$40 that White is supposed to have handed over to Miller which sum has not yet been recovered. It was to recover this sum and for misappropriation of the other funds that White and Miller were prosecuted.

The case was given a number of hearings and was concluded with the above result.

## Of Interest to Stallion Owners.

While on patrol duty recently Constable Ashe found that Mr. Tonberg, of Seven Persons, was standing a stallion for gain in his stables without having a certificate of enrollment issued by the Department of Agriculture posted on the inside and outside of his stable door, as required by the Ordinance. Mr. Tonberg pleaded guilty to the charge when brought before Insp. Parker of Medicine Hat, on May 28th last, and was fined \$5.

As the object of the Horse Breeders' Ordinance is to improve the horse industry of the Province steps will be taken to see that its provisions are carried out. Stallion owners have failed to comply with the requirements of the Ordinance by not having their horses enrolled, or neglected to post copies of the certificate of enrollment on the stable door, would do well to take warning from the above.

## QUEBEC GRITS NOW IN TOILS.

Witness in Libel Suit Tells of big rake off he was compelled to give the Government.

Quebec, May 29.—Sensational evidence was given this morning in the libel suit by Hon. Jean Prevost against Oliver Asselin, of Montreal. The witness on the stand was Baron Lepine, of Belgium who is a representative of a Belgian syndicate that had negotiations with the Quebec government for the purchase of five hundred thousand acres of land for mining and colonization purposes.

The Baron has lengthy negotiations with the minister of Lands and the two finally quarrelled. The result was some correspondence of an interesting character which was made public at the last session of the legislature. Out of this the alleged libel by Asselin came. Baron Lepine to day testified that as soon as he began negotiations he was told that there were usages in Canada to which his Belgian friends were not accustomed.

"I was told that all companies receiving large grants of concessions are supposed to reserve a certain sum for election funds."

"Who told you this?" the Baron was asked by Lafamme, counsel for the plaintiff.

"The minister Hon. Mr. Turgeon."

"Was the amount to be paid discussed?"

"Why the minister had fixed the amount."

"You mean Mr. Turgeon?"

"Yes sir."

"Who was to pay this sum?"

"The buyers of grant syndicate."

"How much were you to pay?"

"Well, the land was fixed first at 70 cents, and we were advised to make a reserve of 30 cents. Obalaki's report later changed matters and other conditions were fixed."

"But," persisted Lafamme, "the land was to cost the syndicate how much?"

"One dollar an acre."

"And this how much was to be reserved?"

"Thirty cents."

"And the province was to get?"

"Seventy cents."

"That was for 500,000?"

"Yes."

"Making how much for the province?"

"\$350,000."

"And how much for the fund?"

"\$150,000."

Witness told of going to Belgium and explaining matters to his principals. He had said to them:

"If you want to do business with the Quebec government the only way is to contribute to the election fund."

"Did you give them to understand how much they should contribute?"

"Yes I told them 37 cents an acre was the amount they were expected to pay."

"And they agreed to what was asked?"

"Yes, but they wanted to have the land explored before closing with the government."

**Town Commissioners.**

The Town Commissioners brought in a report at the last regular meeting of the Town Council in substance as follows:

They were strongly in favor of fixing up the Park near the station.

They suggested an appropriation of about \$225 for setting out flowers and trees and putting the lawn in shape. Mr. Nash had submitted an estimate for digging a border three feet wide along both sides of all walks and setting out flowering plants.

The estimate also includes trimming and re-seeding of the lawn the setting out of about 95 spruce trees and native poplar to replace what trees had not survived the winter. Experiment in imported trees would not seem to warrant any further expenditure on them. The estimate includes attendance to flowers in end of September.

A small expenditure was advisable to maintain and improve the natural boulevards along the sides of the railways in several streets and a by-law should be passed by the Council to prevent driving on them. They wished to encourage the interest a number of ratenayers were showing in setting out trees and displaying an interest in improving the boulevards. A by-law will be prepared.

That a telephone be placed in the fire hall, and the Chief's phone retained as a residence phone. That two lights be maintained in the fire chief's house.

That a brick or concrete supporting wall be built in front of the property of Messrs. Edgson and Purdy in block 14 of sufficient height and width to support the land. Mr. Pidgeon offered to relieve the Council of all future liability if the brick wall was laid in cement. The Commissioners will deal with the matter.

## MEN WITH SAND

(Toronto World)

What Ontario—and for that matter the Dominion—needs at this time is strong, capable and independent representatives pledged not to parties or individuals, but to principles and specific reforms. We have had more than enough of the worst kind of party politicians—men who offer vague and often misleading general assurances instead of plain and decided pledges to advocate and forward definite measures of reform.

### Alberta Farmers' Association.

The monthly meeting of the Alberta Farmers' Association was held in the Fire Hall on Friday afternoon last. There was a fair attendance of members, President Joseph Cole in the chair. The President said Mayor Gaetz desired to address the meeting with regard to ascertaining the views of the farmers on the market question, but owing to the illness of Dr. Gaetz was unable to attend. He thought it advisable for this meeting to express its views on the question. The town was anxious to do all in its power to help the farmers and desired to know what farmers thought regarding fees, and day on which market should be held. The matter would be brought up later in the meeting.

D. Code and W. S. Metcalf were added to the list of members. Jas. Speirs brought up his report on binder twine.

Estimates were given by Latimer & Botterill, Massey & Harris, T. Eaton Co. and Springbett & Bowhey.

The prices were very much the same. T. Eaton Co's was a shade of a cent cheaper than the others but untried.

Latimer & Botterill's McCormick Standard 300 feet per lb. and Springbett & Bowhey's Red Star 550 feet per pound were offered at the same rate namely 13 1/2 cents per pound.

The meeting decided that they would favour a local firm and on motion of Mr. Speirs and Willson the secretary was instructed to inform Springbett & Bowhey the Association accepted their offer.

A communication was read from the secretary of the Provincial Association asking the local association to appoint speakers to address the beef commission when it meets in Red Deer.

Mr. Bower drew attention to the price of gasoline. He said while prices in Calgary were from thirty to thirty five cents per gallon, he had to pay from 45 to 60 cents a gallon here. He thought something should be done to remedy this evil.

Messrs. Jas. Bower, Jas. Speirs E. M. Willson, and A. Trimble were appointed a committee to address the beef commission on the pork raising industry.

The following are the questions they are asked to be prepared to discuss:

1. How long have you been raising hogs in Alberta?

2. How many hogs have you now?

3. Have you found the business profitable?

4. What difficulties lie in the way of extensive swine breeding in Alberta?

5. Are the farmers in your settlement enlarging or diminishing their herds of hogs?

6. Are the prices paid satisfactory?

Mr. Ward moved seconded by Mr. Cook that this association meet on the last Friday of June, Carried.

Mr. Bower moved seconded by Mr. Pongally that the secretary write the surrounding associations to invite them to meet us here on the last Friday in June to discuss the pork industry. Carried.

Mr. Cook moved seconded by Mr. Willson that this association unanimously favor a market in Red Deer and that we favor Friday as a market day. Carried.

Meeting adjourned to Friday June 28th.

### The Beef Commission RED DEER MAKING READY

A commission has been appointed by the governments of Manitoba and Alberta to investigate the conditions of the meat trade in this province.

By reference to the Alberta Farmer's Association meeting in another column it will be seen that the farmers are getting ready to meet the commission here.

There has been a great deal of complaint on the part of the farmer regarding the prices of hogs and beef cattle. This commission is appointed to ascertain the extent of the farmer's grievance and the cause of it. Complaints are little heeded unless they are followed up and made good when the opportunity to do so arrives. That opportunity is now here for the farmers of Alberta. Will they improve it? is the important question. If they do, they can accomplish much for themselves and the province as a whole.

The sittings in the province of the Commission which is composed of A. Middleton, chairman, Coleridge, Alta.; A. M. Campbell, Virden, Man.; and H. A. Craig, secretary, department of agriculture, Edmonton, will be as follows:

Medicine Hat, June 10 and 11  
Lethbridge, June 12 and 13.  
Cardston, June 14 and 15  
Macleod, June 18 and 19  
High River, June 20 and 21  
Calgary, June 22, 24 and 25  
Gleichen, June 26 and 27  
Innisfail, July 2 and 3  
Red Deer, July 4 and 5  
Lacombe, July 8 and 9  
Edmonton, July 11 and 12  
Vermilion, July 15 and 16  
Vegreville, July 19 and 20.

The announcement contains the following declaration: "The object of the commission shall be to investigate and inquire into all matters having to do with the purchase and sale whether by wholesale or retail of cattle, sheep and hogs and all meats and the conditions affecting or regulating the price thereof, and of and into all facts or conditions tending to the ascertainment of whether there exists or has existed any combination in restraint of or affecting trade in cattle, sheep and hogs. For such purposes the commissioners shall have power to summon witnesses before them and require such witnesses to give evidence upon oath, and to produce such documents and things as the Commissioners deem requisite to the full investigation of the several matters hereinbefore specified, and that for such purpose the commissioners shall have the same power to enforce the attendance of witnesses and compel them to give evidence and produce such documents and things as exist in any court of record in civil cases."

### TAMMANY CHIEF WINS DERBY.

Made quarter of a Million

London June 8.—Richard Crocker to day won at Epsom and gained the ambition of his life, his colt, Orby, bred from an American dam and ridden by Johnny Keif having beaten all the British cracks and captured the blue ribbon of the worlds turf by two lengths.

The enthusiasm of the Americans can be easily imagined than described, and Crocker his white bearded face beaming with happiness was congratulated on all sides.

Outside of Mr. Crocker and his immediate entourage, Orby had but few friends and the betting indicated that the sporting prophets estimated his chances as being slight. Crocker and those who watched the colt's trials however, were sanguine, that they held a surprise in store for the Derby crowds.

### Verity Plows - and others.

A famous general once said "There are only two tines. One is God save the King and the other isn't."

In speaking of plows it would not be out of the way to say, "There are two kinds of plows one is the Verity and the other isn't." Verity plows are in a class by themselves, and in a class which can be depended on in all conditions. Shares and boards are made of highest grade soft centre steel, hardened by the refrigerator process, and as result bottoms are as hard as glass and will scour in any soil.

Our sovereign 16 inch breaker cannot be equalled on the market to-day for strength, lightness in draft and for good work. We have sold a great many of these plows and we have a lot more to go, so come in and get a plow to do your breaking with. We give an absolute guarantee with everything we sell, and we live up to our guarantee. See this plow first.

### LAND ROLLERS AND LAND PACKERS.

We have been told that the cat worm is putting in an appearance again in some localities, and we all know the damage done last year by these worms, so watch out that they do not get at your crops. One of the surest ways of getting rid of this pest is to use a roller or land packer. Several of our customers last year took this means of getting rid of the worms and they sure did it. Come in and see these rollers and packers whether you want to buy or not.

Remember our add of last week re mowers & rakes. Next week we intend to draw your attention to a few binder points.

## Red Deer races.

At least fifty horses will be here by to night and one of the best horse meets ever held in western Canada can confidently be looked forward to without any doubt.

The track has been made as good as money can make it.

These races will be the best ever seen in Red Deer and equal to anything ever had in the west.

Let there be a big crowd in attendance Thursday and Friday. The Fair ground presents a busy appearance just now about forty horses being on the ground in preparation for the races on Thursday and Friday.

The horses include Mr. Horrells 4, Dr. Macabee 4, G. Haig 10, Mr. Johnston 2, Mr. McGuire 2, Messrs. Davis and Cotton 6, C. Emerette 4, Nicholson and Co. 2, Jack Burrows 7, Mr. White 2, John Bell 1. The horses all look fit and well and fine weather is all that is needed to make the meeting a success.

The track is almost complete and as most of the crack trotters are entered some good sport will be witnessed. The half day holiday on Friday afternoon should result in a bumper gate.

## Stock Growers Meet.

The Central Alberta Stock Growers' Assoc'n held their annual meeting in Erskine last Wednesday and Thursday most of the ranchers of the district being present, also many visitors and representatives of the Press, C.P.R. and buying firms.

The Camp was located at the lake about one mile from Erskine and was an ideal picnic ground. The committee in charge had made elaborate preparations for the comfort and pleasure of the guests and deserve the greatest credit for their successful efforts.

Dr. Rutherford, Vice President White and Supt. Niblock were unfortunately unable to attend but sent letters of regret.

The arrival of speakers before Wednesday night delayed the business till Thursday when the speaking commenced in a large pavilion on the shores of the lake.

Mr. Bergman of Erskine read the address of welcome which was replied to by R. E. Flaks, of Hillsdown.

Geo. F. Root presented his address as President of the Assoc'n. He stated that during the past year the assoc'n had grown to a membership of 170, that U.S. and English cattle buyers had become interested in their doings, the C.P.R. had promised to give better shipping facilities and the ranchers had secured better prices for their cattle. He went into an exhaustive analysis of stock conditions in the principal exporting and importing countries of the world showing the aid given the cattle raising industry in different countries by the governments and contrasting it with the lack of support given the industry by the Canadian government. He believed the government was sacrificing the interests of the farmer to the manufacturer and thought the ranchers should demand better support.

Senator Talbot congratulated the people of Central Alberta on their district. He favored the rancher converting coarse grains into better class products to get more for them, advocated the appointment of a Live Stock Commissioner by the government. He spoke of what the government had done to assist the rancher by aiding the distribution of better bred stock, establishing creameries, stock grading schools, farmer's institutes etc.

Mr. McMullin, on behalf of the C. P. R., said the C. P. R. were willing and anxious to remedy any real grievances the stock men had in shipping, but protested against false statements being made without investigation. He believed if they got together often to discuss these matters it would be better for all parties concerned.

Before adjournment for lunch Frank Whiteside on behalf of the assoc'n presented Mr. and Mrs. Root with a handsome hall clock as an appreciation of their efforts to make the work a success. Mr. and Mrs. Root replied feelingly.

S. S. Broman representing a Liverpool firm advised shipping to the Liverpool market. He believed contrary to Senator Talbot that a large percentage of

Alberta cattle were suitable for export.

S. B. Goodall of Union Stock Yards Chicago gave an interesting address on the immense amount of stock handled there and how prices were likely to keep high this summer.

Mr. Geddis, of Farm and Ranch Review, and W. Godson, of the Stettin Independent, spoke on behalf of the press.

Mr. Puffer, M. P. P. spoke of the work the Government was doing and asked the ranchers to attend the meetings of the beef commission prepared to give evidence as to conditions.

Mr. Greig assistant live stock commissioner gave a short address.

During the meeting Frank Whiteside, Mr. Simpson and other ranchers spoke of grievances they know of by the Government giving leases of land to outsiders after ranchers had been refused them for the same land. Even the conditions of the lease were not fulfilled, yet the leases were not cancelled and as a result some ranchers had to leave their places their range being gone.

The business meeting was held in the evening, the following officers were elected for the ensuing year.

Hon. Pres.—G. F. Root.  
President—Frank Whiteside.  
Vice Pres.—James Dew.  
Snl. Vice—W. E. Tees.  
Sec. Treas.—G. P. Bergman.  
Executive Committee: R. E. Flaks, Hillsdown; J. Harrison, Stettin; H. A. Crocker, Pine Lake; A. L. Powne, Ewing; C. A. Sherman, Red Deer; Ed Barnett, Stettin; Frank Taylor, Lamerton; P. Simpson, Stettin; Robt. Shaw, Gleichen.

## Eckville.

Road work is to be commenced in the district this week. Our councillors are to be congratulated on this making an early start at this necessary improvement. Roads are our only means of communication as yet and when they are in bad shape everyone suffers. Numbers of settlers are coming in with a view to purchasing land and a good road to a homestead is of substantial hard cash value to any one wishing to sell.

The Rev. G. H. Webb, M. A. of Calgary who was expected to preach here on Sunday did not turn up. Much to the disappointment of the church going folks of the neighborhood who had been looking forward to hear the Rev. gentleman.

Mr. Kennedy preached a very helpful sermon at the usual fortnightly service on Sunday evening. He will not preach here again until July 7th the meetings of the Baptist Conference taking him to Edmonton for the 23rd inst.

## Mr. Moore's Honors.

A flutter of excitement crept into the columns of our contemporary last week over our remarks on John T. Moore's address to the electors. It is not often that such an old journalist forgets himself so far as to become excited over so small a matter. A public man is always open to public criticism. Our member published an address to the electors claiming honors for which he had not entitled in his humble opinion, and we said so. A man may be never so clever but we naturally resent him telling us so himself.

The Advocate says "Mr. John T. Moore M.P.P. seems to be the devil in disguise, to the News." We are surprised at our respected brother using such strong language, he might have left off the disguise part anyway.

We contend that our member has no right to claim that he has done certain works on the roads until he can show by facts and figures in returns that he has done so. Such returns are not yet to hand. The Content bridge is built, but it was provided for before Mr. Moore got in power.

The other bridges are not built yet and it may be as well to reserve boasting of the achievement until they are. With regard to the statement that we failed to give Mr. Moore credit for making this a judicial centre, the Advocate is quite correct. Simply because this is not a judicial centre. Wetaskiwin is the centre of this judicial district and the Advocate knows it. For convenience sake court is held here, but the sheriff and clerk with big fat salaries are located at Wetaskiwin. J. J. Gaetz is deputy sheriff and F. S. Simpson is deputy clerk here, but we will gamble their salaries will not ruin the country.

If Mr. Moore had been in Alberta last fall it is claimed he might have secured this plum for Red Deer. There are gentlemen in town who were offered these very positions in the event of Red Deer being made the judicial centre.

Woodlands, the valuable property of Stent & Ray, north of town, will be on the market as soon as survey is complete, in a week or two.

## Horn Hill.

Last Saturday night the Pine Lake Football Team played the local boys. Although it was a damp night a good game was played the teams being very well matched. Pine Lake scored twice in the last half and won the game Horn Hill failing to score. The Horn Hill boys will play at Pine Lake next Saturday.

Born to Mr. and Mrs. A. Oldford, on Thursday, June 6th, a son.

Rev. Mr. Earle preached his farewell sermon in the Methodist Church here on Sunday last.

Some days ago J. Greening of this place caught a fish at Pine Lake which measured 34 inches in length and weighed 10 lbs.
